

Open HTML Configuration

RELEASE 2.5.0 OR ABOVE

Remove unnecessary DIV tag

If 'peelOffDiv' is set to false, unnecessary DIV tags are peeled off when loading HTML. (Default value : false)

synapeditor.config.js

```
'editor.buildOption.html': {  
  'peelOffDiv': false  
},
```

peelOfDiv: true

```
<div id="synap-editor" style="margin: 25px;">  
  <p>  
    <span>Synap Editor</span>  
  </p>  
</div>
```

peelOfDiv: false

```
<div id="synap-editor" style="margin: 25px;">  
  <p>  
    <span>Synap Editor</span>  
  </p>  
</div>
```

Duplicate ID notification settings

RELEASE 2.7.0 OR ABOVE

If 'alertDuplicatedId' is set to true, a notification window is displayed when there is a duplicate ID when loading HTML. (Default = true)

synapeditor.config.js

```
'editor.buildOption.html': {  
  'alertDuplicatedId': true  
},
```
