

# initialized

RELEASE 2.1.0 OR ABOVE

This event occurs when the Editor is initialized.

## Adding Event: Using API

initialized event cannot be added using API as the event occurs before the editor object is generated.

## Adding Event: Function

```
var editorId = 'synapEditor';
var editorConfig = {};
var html = '';

function SynapEditorInitialized(e) {
  // Event is executed when editor initialization is completed (async)
  var editor = e.editor;
}

function SynapEditorInitializedSync(e) {
  // Event is executed when editor initialization is completed (sync)
  var editor = e.editor;
}

new SynapEditor(editorId, editorConfig, html);
```

## Adding Event: When the Editor is initialized

```
var editorId = 'synapEditor';
var editorConfig = {};
var html = '';
var eventListeners = {
  initialized: function (e) {
    var editor = e.editor;
  },
  initializedSync: function (e) {
    var editor = e.editor;
  }
};

new SynapEditor(editorId, editorConfig, html, eventListeners);
```

## Object Delivered through Functions

In the form of parameter e delivered through functions

e
<pre>{   editor: SynapEditor,   eventType: 'initialized',   cancelable: false,   returnValue: null }</pre>
