

Setting File Field Name for formData

RELEASE 2.2.3 OR ABOVE

Use 'editor.import.fileFieldName', 'editor.upload.image.fileFieldName', 'editor.upload.video.fileFieldName' and 'editor.upload.file.fileFieldName' keys to set fieldName for formData in upload and import.

synapeditor.config.js

```
{
  'editor.import.fileFieldName': 'file',
  'editor.upload.image.fileFieldName': 'file',
  'editor.upload.video.fileFieldName': 'file',
  'editor.upload.file.fileFieldName': 'file'
}
```
