

The image shows the Synap Editor web application interface. At the top, there is a menu bar with Korean labels: 파일 (File), 편집 (Edit), 보기 (View), 삽입 (Insert), 서식 (Format), 단락 (Paragraph), 표 (Table), 도구 (Tools), and 도움말 (Help). Below the menu bar is a comprehensive toolbar containing icons for file operations (new, open, save, print, etc.), text formatting (bold, italic, underline, etc.), and other editing functions. The main workspace displays a table with three columns: 'name', 'email', and 'adress'. The table has three rows, with the first row containing header text and the subsequent two rows being empty. Below the table, the Synap Editor logo is visible, consisting of a teal square icon with a white document symbol and the text 'Synap Editor' in a teal sans-serif font. The bottom of the interface features a vertical sidebar with icons for navigating between different views or components of the application.

API

editor.checkWebAccessibility(callback, rules)

2.7.0

callback .

Parameters:

name	Type	Description
callback	Function	. Boolean . <pre>function (result) { // result true: , false: }</pre>

rules	String[]	2.10.3 . (webAccessibilityChecker.config) , . : <table><tr><td></td><td></td></tr><tr><td>image-alt</td><td rowspan="2">(alt)</td></tr><tr><td>se-custom-image-alt</td></tr><tr><td>se-custom-table-has-th</td><td>(th)</td></tr><tr><td>se-custom-table-has-caption</td><td>(caption)</td></tr><tr><td>se-custom-link-has-title-attr</td><td>title</td></tr><tr><td>se-custom-video-has-title-attr</td><td>title</td></tr><tr><td>frame-title</td><td rowspan="2">frame title</td></tr><tr><td>se-custom-iframe-has-title-attr</td></tr></table>			image-alt	(alt)	se-custom-image-alt	se-custom-table-has-th	(th)	se-custom-table-has-caption	(caption)	se-custom-link-has-title-attr	title	se-custom-video-has-title-attr	title	frame-title	frame title	se-custom-iframe-has-title-attr
image-alt	(alt)																	
se-custom-image-alt																		
se-custom-table-has-th	(th)																	
se-custom-table-has-caption	(caption)																	
se-custom-link-has-title-attr	title																	
se-custom-video-has-title-attr	title																	
frame-title	frame title																	
se-custom-iframe-has-title-attr																		

Example:

```
editor.checkWebAccessibility(function (result) {
    if (!result) {
        //
        editor.getUIManager().showDialog('WebAccessibilityChecker');
    }
});
```

```
//
var rules = ['image-alt', 'se-custom-image-alt'];
editor.checkWebAccessibility(function (result) {
    .....
}, rules);

// TABLE CAPTION
var rules = ['se-custom-table-has-caption'];
editor.checkWebAccessibility(function (result) {
    .....
}, rules);
```

Config

2.10.3

.

'editor.checkWebAccessibility()' API .

```
'webAccessibilityChecker.config': {
    rules: ['image-alt', 'se-custom-image-alt', ...]
}
```
