

The image shows the Synap Editor web application interface. At the top, there is a menu bar with Korean labels: 파일 (File), 편집 (Edit), 보기 (View), 삽입 (Insert), 서식 (Format), 단락 (Paragraph), 표 (Table), 도구 (Tools), and 도움말 (Help). Below the menu bar is a toolbar containing various icons for file operations, editing, and formatting. The main content area displays a table with three columns: name, email, and adress. The table has three rows, with the first row containing header text and the subsequent two rows being empty. The Synap Editor logo is visible in the bottom left corner.
